Dear ETSD Community,

Please join our district and the other 156 "S2" districts statewide in urging the Governor to sign an important bill which would restore up to 66% of the proposed cut to state aid for the 2023-2024 school year.

This bill (S3732) would reduce the Governor's proposed cut of \$737,552 in state aid to our district, to approximately \$250,000. While this bill (S3732) is not perfect and does not get us everything our students deserve, it represents help at a time when every bit of help matters.

Help our ETSD students and email the Governor ([constituent.relations@nj.gov](mailto:constituent.relations@nj.gov)) and leverage social media (Twitter: @GovMurphy) to encourage him to sign S3732 into law.

Please feel free to use the sample email and tweet provided below.

Subject: Pass Bill S3732

As a proud (parent, student, staff member) of Evesham Township School District (ETSD), I urge you to sign bill S3732 into law after it hopefully passes in the Assembly later this month. This bill would reduce the original proposed cut in state aid to ETSD from \$737,552 to approximately \$250,000. This bill is a step in the right direction, and it is imperative for our school district that this bill is signed into law.
